

Dee Moore, Exec Vice President HR & Employee Services, accepting our Third Place Award

Bouchard Insurance Places Third - Best Places to Work in 2010

In the Tampa Bay Business Journal's BIGGEST Category (101 or more employees), Bouchard Insurance placed third as the Best Place to Work in 2010 at the Awards Luncheon held at Lowry Park Zoo on April 22, 2010.

An outside research firm calculates the winners. All employees of each nominated company were given an opportunity to complete a survey. No individual passwords were used, allowing each employee to complete the survey in anonymity. The winners were selected based on employee measurement of 40 attributes known to drive employee engagement. Each company was given an overall score. To get the score, all of the survey responses were added up and divided by the total number of statements from all surveys completed by each company.
